

Congratulations Greenville Tech!!!

Greenville Technical Charter High School recently received recognition for its outstanding performance. The charter high school is one of the five schools named 2009 Carolina First Palmetto's Finest Schools and, very well, may be the first charter school to ever receive this honor. Each spring since 1978, SC Association of School Administrators has recognized a few schools which offer excellent instruction and outstanding leaders, augmented by strong family and community involvement and a supportive business community.

The selection process includes a comprehensive review of a school's program, focusing on the key question: "What impact is this school making on the lives of students and the community, and is it deserving of the Carolina First Palmetto's Finest Award?"
